Description of the organisation

Bilecik İl Milli Eğitim Müdürlüğü (Bilecik Provincial Directorate of National Education) is regionally responsible for about 37000 students in pre-primary, primary, secondary and higher education with 148 schools, 1611 classes and 1878 teachers. There are 154 staff in the Directorate. Bilecik city is located in the Eastern Marmara. Our responsibility focuses on planning and managing all the activities of pre-primary, primary, general secondary, vocational secondary, high schools, vocational high schools and adult education centers. We have to coordinate all facilities sent by the Ministry of Education such as buildings, financial issues, staff salaries, and all kinds of materials used in the lessons provincially in Bilecik city and within 7 districts.

As the Directorship we have to give all the curriculums with all sorts of modules to each school organized as in principalities.

Besides formal education we carry out training adults of the different ages and more in the different courses through the Public Education Centers as well.

We depend on the Ministry of Education institutionally. Ministry of Education gathers our opinions and experiences from all the educational practices and send our whole perspectives including our strategic objectives of all kinds of curriculums containing pre-primary, primary, secondary, vocational, state high education and adult education processes.

Experience of the organization in previous European projects

Our schools are running many EU projects each year and also our institution is experienced on European Projects. Some of our projects applied in the province are;

- (2007) LLP LEONARDO da VINCI Mobility VETPRO Project entitled "Updating And Improving The Vocational Education Syllabuses Predicated On The Competence" numbered LLP-LDV-VETPRO-07-TR-0540,
- (2011-2013) LLP COMENIUS Regio Partnerships Project entitled "Our Commitment first...against Poverty... for inclusion-OCF" numbered 2011-1-TR1-COM13-27448 , <http://ocf-bilecik.org/en/index>
- (2012) LLP LEONARDO da VINCI Mobility VETPRO Project entitled "EU Experiences of Professionals on Values Education" numbered 2012-1-TR1-LEO03-38914.

By the help of our experiences gained after our previous EU projects, we would like to add the gained experiences into this project will be one of the goals of our project.

The institution works in collaboration with local and regional authorities and It provides support, services and encouragement to teachers particularly those that working on sports activities.

That the participant schools will observe the implementation and effects to the educational life in EU countries, will contribute to education system in our country, and will search for the new ideas to be able to be implemented in sports education in classes in order to motivate the students with the needs of the modern life.

With a wide range of actions like project meetings between all institutions involved in the partnership, joint teacher training activities, peer learning, study visits, surveys, sport activities, trials of new educational approaches or awareness-raising campaigns, we could have opportunity to develop the quality standards fair play values of sports activities in secondary education in all countries.

Experience and Expertise of the organization in the project's subject area

Our directorate is a provincial partner for EU projects that are being implemented by the Ministry of Education such as "Schools are in life Project", "Sports Culture and Olympic Education Project". And also the directorate is running many regional projects with the schools aiming to improve the quality of education in schools and projects aiming to improve the managing abilities of staff in schools.

Directorate organizes in-service training courses and teacher trainings for the educational staff, regional trainings and conferences for the educational staff on different purposes.

Contributions that can be provided to the project

Our directorate is the partner organization in the project. The directorate is responsible for implementing the project without any problems by providing communication between partners. And to settle a good coordination in its region and to cooperate with the project coordinator institution on the project activities.

BILECIK MEM will ensure:

- implementation of the project in its home institution and regional activities with local partners;
- take care of public relations and distribution of the project results;
- recruitment of the pupils in the project activities;
- management of the project in its region,
- to develop project outcomes in local,
- provision of information and achievement update to the other project partners;
- continuous monitoring of the progress and achievements of results;
- assessment and evaluation of the management and of project results as well as of achieved impacts and benefits;
- continuous cooperation among partners.
- to act as a way to reach the different proposals and suggestions made by the members.
- to coordinate the different initiatives which can be planned.
- to collect data from all the members its distribution.
- to plan actions, meetings, revision (including dates) and written results
- to actualize and accelerate the final results.
