Description of the organisation

EuroEd Foundation is a non-profit organisation set up in 1992 and located in Iasi, Romania. It delivers educational services to all age categories and developed a series of programmes, including language courses (English, French, German, Italian, Spanish and Romanian), international training courses for language teachers.

EuroEd's relevant experience lies with co-ordinating and participating in EU funded projects, as well as in strategies and methodologies of co-operation at local, regional, national and trans-national level.

In addition, EuroEd Foundation co-ordinated and implemented over 50 national and international educational projects since 1995, in the field of: Language learning – online resources, networks, games and drama techniques; Social inclusion, motivation and support for lifelong learning, educational materials; Promoting quality in developing European projects; Social responsibility and volunteering, etc.

It is accredited by the Romanian Ministry of Education and by the Ministry of Labour and is part of the national educational system in the Life Long Learning section.

EuroEd is a founder member of QUEST (The Romanian Association for Quality Language Services). EuroEd received 7 international awards in the last 5 years for the quality of its projects: 6 European Label Awards and a Worldaware distinction. Two of the projects led by EuroEd were selected by the EU Commission as examples of best practices in its collection called LINGO.

Mission Statement - EuroEd Foundation aims at supporting the reform processes of civic society by promoting high-quality standards in accordance with European Community requirements in the field of education, civil society, public policies, youth, law, culture, mass media, and regional development. Through its initiatives, EuroEd Foundation intend to act as a regional catalyst for debating and developing regional and international projects which should facilitate exchange of ideas and experience in the field of democracy and European Integration.

Lately EuroEd has been very active in the field of opening up education and as such it has become a dynamic member of the EDEN European Distance and e-learning network.

Experience of the organization in previous European projects

EuroEd's current and past projects are focused on:

Online Language Learning:

ELSTI – European Languages for Secretaries. The project focused on developing skills in business communication and cultural awareness in the following languages: English, French, Italian and Spanish. (Leonardo Da Vinci – Transfer of Innovation) <http://www.eurobusinesslanguageskills.net/>

TOOL TIPLS – Tool to improve transparency of professional foreign language skills. The aim of the project was to develop the tool to improve transparency of professional English language (as lingua franca) skills in the selected target sectors of the Hospitality industry. (Leonardo Da Vinci – Transfer of Innovation) www.tool-tipls.eu

Massive open online courses with videos for palliative clinical field and intercultural and multilingual medical communication. The aim of the project is to create open digital educational resources in the field of palliative medicine based on developing innovative guidelines on standardized fundamental medical manoeuvres and clinical language and communication skills. Online Learning Networks for Foreign Language Study:

LRE - Language Rich Europe. The project will carry out professional research that will result in an innovative and interactive measurement tool called the "Index of Multilingual Policies and Practices in Europe". This Index will help visualise the role of and support for multilingualism in the participating European countries and highlight good practice. (KA2 Languages - Multilateral Networks) <http://languagerichblog.eu/>

APLANET - Autonomous 'Personal Learning Networks' for Language Teachers. APLANET is a European Union funded project to help language educators who are not yet using social networks to understand: What are social networks for language educators?, Why they should use them?, How they can get involved?. (KA2 LANGUAGES - Multilateral Projects) <http://aplanet-project.org>

ISPY – Online Networking Platform for Language Learning. The main output of this project is the development of an online networking platform for learning languages. The platform allows interaction between learners from different countries who will work together to learn a new language via problem-solving challenges and tasks in an authentic and real time setting. (KA2 LANGUAGES - Multilateral Projects) www.ispy-project.eu

Lingu@net Worldwide. Lingu@net EU was developed over the last 12 years with support from the EU (in 1998-2001, and 2003-2006). In 2007 it was awarded the MERLOT prize for being 'exemplary on-line learning material for all disciplines' (www.merlot.org) and in 2008 Lingu@net EU was awarded the European Commission's Gold prize in the "European Lifelong Learning Awards for quality in mobility". (Life Long Learning Programme - Key Activity 2) www.linguanet-worldwide.org

Social Inclusion:

MyStory – creating an ICT-based inter-generational learning environment. The project aims to empower seniors to learn basic technical skills via intergenerational learning, to gain access to new learning opportunities and make contact with different social categories facing the risk of social exclusion (i.e. internet-savvy younger generations who face a risk of exclusion due to overexposure to ICT). (KA3 - ICT) www.mystories.eu

Fiesta - Facilitating Inclusive Education and Supporting the Transition Agenda. FIESTA focuses on achieving effective transition through collaborative working for children with SEN. (Comenius) www.fiesta-project.eu

I am not scared. The objectives of this action are to achieve comparative analyses of educational systems in the EU, with a view to ensuring an adequate supply of comparable data, statistics and analysis to underpin lifelong learning policy development, as well as to monitor progress towards objectives and targets in lifelong learning and to identify areas for particular attention. (KA1 Policy Cooperation And Innovation Studies and comparative research) <http://iamnotscared.pixel-online.org>

Stay@School - The aim of the Stay@School project is to transfer the successful experience of the School Inclusion project providing European school teachers with the necessary skills to prevent early school leaving. (Transfer of innovation) <http://projects.pixel-online.org/stayatschool/info/index.php>

INTEGRA – Migrants’ Integrating Kit. The aim of the project is to work together with social partners such as migrant communities and financial institutes to create a Europe wide network of relevant institutes in order to reach migrants in partner countries to improve their integration into local society by providing them with opportunities to gain language skills on basic financial matters. (Grundtvig Multilateral Projects) <http://www.integra-project.eu/>

ENIL – European Network for Intergenerational Learning. Examples of good case practice regarding the development of the inter-generational learning component in schools, the positive impact that active involvement (in the form of volunteering) of parents and grandparents has. (Grundtvig Multilateral Networks)

LeTS Go. The project Lets Go intends to promote the practical experimentation of the LeTS portal developed during the Lets project by two additional target groups: school teachers and professional trainers. (Leonardo Da Vinci – Transfer of Innovation) www.leonardo-lets.net

Institutional formation – SMEs

In-CLASS - International Communication and Language Assessment. The project aims to enhance the competitiveness of international SMEs within the partner countries by assisting them to identify language and culture barriers which arise from cross-border trade, and/or the development of a multilingual workforce, and to find specific costed solutions to address communication difficulties by the provision of an effective communication audit scheme for SMEs. (LEONARDO DA VINCI, Multilateral projects for Development of innovation) www.inclass-project.eu

UEmploy – Consultancy for Employment Inclusion. The focus is modern rehabilitation, a range of services and processes designed to enable all disabled people to live their lives as fully as possible. For organizations, SMEs and professionals the project provides an opportunity to introduce/train innovative employment inclusion and rehabilitation approaches for people with disabilities. (LEONARDO DA VINCI, Multilateral projects for Development of innovation) www.uemploy.eu

Non-Formal Education and educational materials development

Schools & Work. The project intend to capitalise on the existing results of previous European projects that have addressed the early school leaving problem to establish a more concrete and effective cooperation between schools and the world of work in order to motivate students to learn and complete their studies. (Erasmus+, KA2 – Strategic Partnership)

Goerudio. The aim of the project is to create a learning community of European teachers and students in order to carry out a common analysis and reflection on the theme of how making scientific issues more attractive to students, how to promote and share teaching methods and tools enhancing the capacity of learners to be managers of their own learning process. (Key Activity 4 Multilateral Project)

GlottoDrama - is the 3rd step of a long term strategy aimed at developing a new methodology for teaching foreign languages through Drama & Theatre. The general methodological objective is to reinforce the motivation of the students, involve their whole personality with a holistic approach (mind and body, verbal and non-verbal codes) going beyond a formal concept of language competence and improving their real communication skills when performing context-based and pragmatic tasks.(Transfer of Innovation) <http://www.glottodrama.eu/>

- I am not scared (511645-LLP-1-2010-1-IT-KA1-KA1SCR) - <http://iamnotscared.pixel-online.org>
The bullying phenomenon is a main challenge that all European educational systems have to deal with. The "I Am Not Scared" project, funded by the European Commission in the framework of the Lifelong Learning Programme (KA1 Policy Cooperation and Innovation), intends to identify the best European strategies to prevent and combat the bullying phenomenon. The objectives of this action are to achieve comparative analyses of educational systems in the EU, with a view to ensuring an adequate supply of comparable data, statistics and analysis to underpin lifelong learning policy development, as well as to monitor progress towards objectives and targets in lifelong learning and to identify areas for particular attention.

We expect a good welcome and support of our initiative from the part of the local and regional factors of decision, as well as from the social partners, and we also expect a better functioning of the involved institutions, since the project takes a major role in supporting prevention, educational and innovative approaches to tackle violence, racism and intolerance in sport.

Contributions that can be provided to the project

EuroEd's contribution to the project is multi-layered.

Firstly, the expertise of the staff is of great value when it comes to different approaches to the same project from multiple facets of the different work-packages and deliverables to be developed within the project. Our staff can offer 360° support and input, coherent and cohesive to the focus of the project activities.

Secondly, EuroEd team brings along a wide network of social partners from varied professional fields, which ensures strong communication and dissemination channels throughout the entire national and international community.

Thirdly, we are ready to contribute our knowledge, experience, resources and also ready to engage in a flexible, reflective and innovative process involving transfer of abilities among the partnership.

EuroEd will be involved in:

- creation of a network of schools from Romania (Iasi county) – students, teachers, principals and organizations in the field of sports
- provision of experiences and projects using sports and physical activities to promote values and ethics, to promote students motivation to learn and to stay at school and therefore prevent early school leaving
- support to develop a toolkit to be made available to teachers and sport activities leaders, to promote the participation of young people to sport and physical activities
- support prevention, educational and innovative approaches to tackle violence, racism and intolerance in sport
- provision of content to develop a set of Guidelines addressed to policy makers on how to promote and implement a mutual beneficial integration between sport and education
